Driver's seats

The most comfortable mobile workstation around

A comfortable seat can make all the difference when it comes to protecting the back, neck and spine. Ergonomic sitting can boost concentration and make the journey safer for everyone.

Good to know

Expertise: we work with all conventional seat manufacturers, including Grammer, ISRI, SKA, Be-Ge, Pilot, Ruspa and KAB.

No idling: you receive a replacement seat during the repair period.

Specialists for special solutions

Certified driver's seats for every vehicle model

ISRI seats with memory function

Add-ons such as armrests, swivel adapters and microphones

Personalised hygienic seat covers with your company logo

Seat overhaul

We help you save. Many of our seats can be used again immediately after an overhaul, protecting your budget and resources.

We offer personal consultation and suggest concepts and designs.

We provide a lifetime spare parts supply.

We continuously develop both our engineering and our product range.

We have the

If you have a problem you cannot solve, we can help.

We cooperate closely with major seat manufacturers like Grammer, ISRI, SKA, Pilot, Ruspa and KAB. They provide us with the base material that we tailor to create your perfect seat.

Armrests

We make sure that the armrests are either fixed, steplessly adjustable or foldable on both sides.

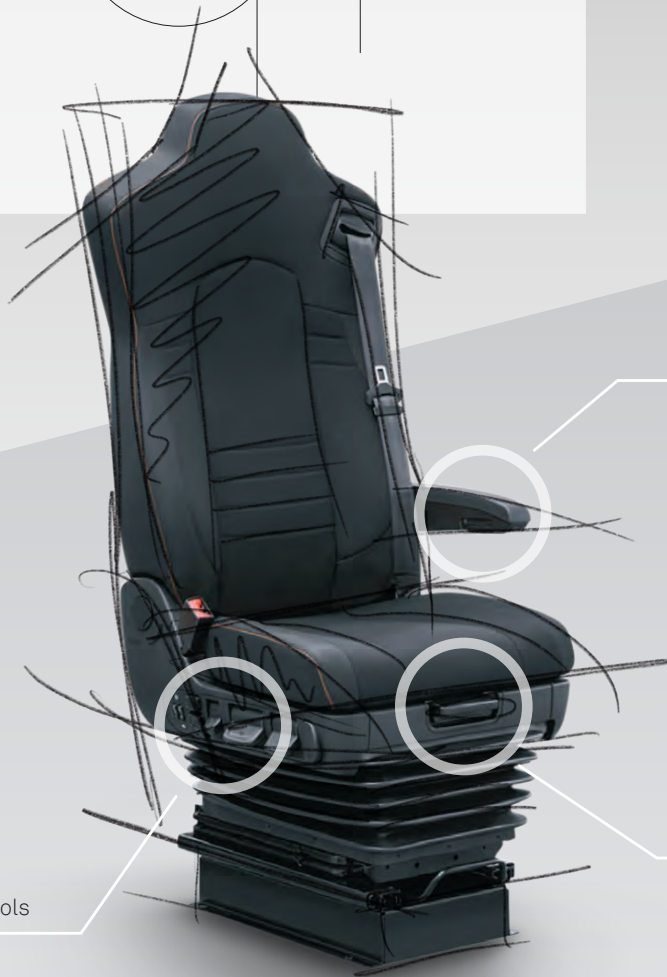

Upholstery and cover materials

We help you choose the right materials, while making sure you meet fire safety standards.

Accessories

You decide which head- and footrests you need. We supply them either fixed, foldable or height-adjustable.

solution!

Optional

Armrests on both sides

Individual

Adjusts to a comfortable seating position

Oscar Föh AG

From road and rail to off-road, we are the specialists for workstations in passenger and goods transport, with 50 years of experience.

Our goal is to suggest the solution that is best for you. It is this that makes us such a valuable partner to our customers, including all public transport authorities, PostBus operators, coach operators and bus manufacturers. For years, they have relied on our products and outstanding repair service.

We are also expert partners when it comes to spare parts supply, filters and filter elements, air conditioning and AC service units, as well as heaters and coolers.

“Great products, great customer service, what more could you want?”

*Gusti Villiger, head of logistics,
Zugerland Verkehrsbetriebe AG (ZVB)*
